Electric Lights For Norwich Town

Department Will Start Today Erecting the Poles For the New Line-Expects a Month Will be Required For the Job-Commercial Line to be Extended.

Supt. W. F. Bogue has everything ready for the city gas and electric department to be sin work this morning in running the line for the new lights for Norwich Town which were voted at the town meeting, and the work will be started from the city line in North Washington street, near the residence of Willis Austin. There are about in new lights to be placed, these being of the incandescent street light type, popularly known as bug lights.

It is provided that they are to extend the length of Town street and from Hariand's corner along West Town street past Peck's corners to the Norwich Town Green and to the end of West Town street. Whether this will carry them to the Bean Hill bridge or not has not been definitely determined, depending upon whether it is considered that West Town street extends that far.

Altogether about 75 to 85 new poles will have to be set, the new ones all being north of the Hospital corner, and
